

Empathy Map

When you empathize you try to understand you users' perspective. Help to define the problem, and it can reflect an aggregation of multiple users: (based on design thinking method)

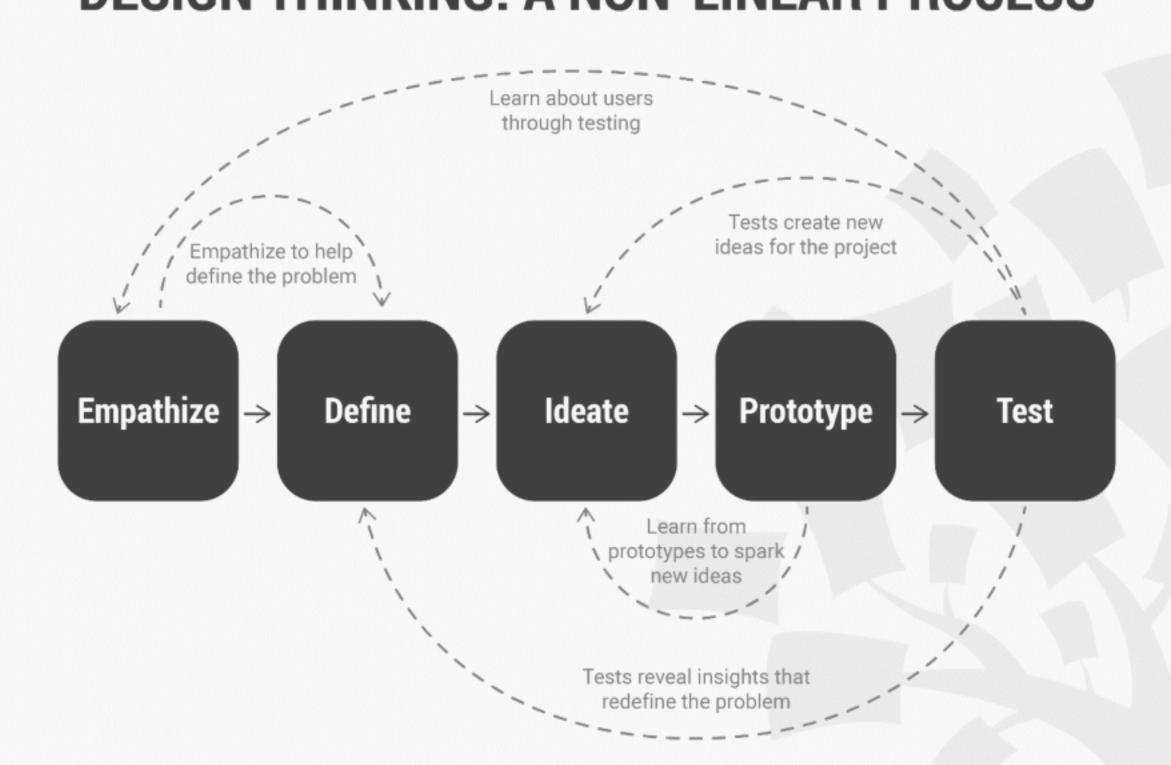

Template, DIU - Ethnographic analysis (30/01/2023) https://mgea.github.io/UX-DIU-Checklist/index.html

How to use the template

- Try to observe people and extract what's happening (SAY/DO/THINK/FEEL)
- Try to guess relevant information from this observation (NEEDS & INSIGHTS)

DESIGN THINKING: A NON-LINEAR PROCESS

My experience

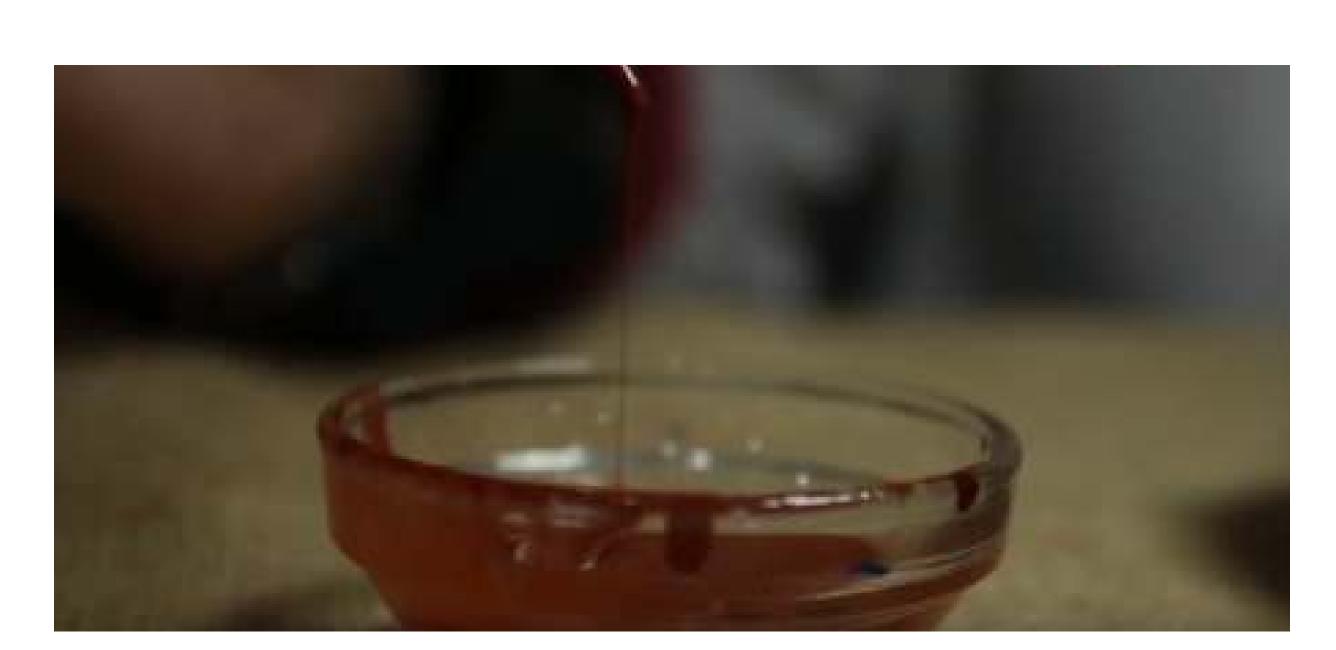

Explain with your words your experience

A primera impresión, se aprecia la muy mala calidad de video de la página web (viendo el vídeo excesivamente pixelado y a pantalla completa, lo que impide siquiera saber de qué va la página).

Posteriormente, tras un rato navegando en la web aprecias que todo está muy oscuro, muy triste, mal explicado...

Además, es muy difícil moverse por la página sabiendo en cada momento donde estás.
